

The Rational Labelling & Marking Systems Ltd.

MODEL 252

Label Printer Applicator

Innovative Centreline Modular Design

Quick Change Modules

Touch Screen Interface

Configurable Status Outputs

The Model 252 is a compact Printer / Applicator designed to print and apply a variety of informational and decorative self adhesive labels.

Optional modules mean the 252 can be used for many applications on all surfaces of the box including corner wrap labels.

Rational Labelling & Marking Systems is pleased to be the UK distributor and service centre for ID Technology equipment.
