

The Rational Labelling & Marking Systems Limited

*Unit B 13 Borough Road, Buckingham Rd. Ind. Estate
Brackley, Northamptonshire NN13 7BE*

EC Declaration of Conformity

NFA

This conformity certificate is issued for the NFA series of print and apply machines for thermal labels (from serial numbers 043 onwards). It indicates that the unit has been designed and constructed to meet the requirements of the relevant directives for portable machines, used in a light industrial environment. This unit does not fall within the Machinery directive. The unit is not intended for safety critical applications.

The machine only meets these requirements if installed and operated in line with the operating and installation instructions provided. All operators, fitters, maintenance engineers etc. must have obtained the relevant training on the machine.

All electrical and electronic components used in these machines, where appropriate, have been specified to meet the needs of the following directives:

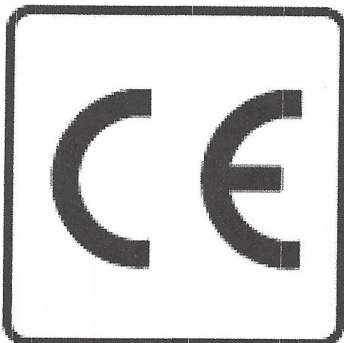

EMC: 89/336/EEC and its amending directives.

LVD: 73/23/EEC and its amending directives.

It has been designed and manufactured to the following specifications:

EN55022 (1993) Class B, EN50082-1(1992),
LVD compliance is established by 100% PAT testing.

These machines have been manufactured in the UK by **The Rational Labelling & Marking Systems Ltd.**, Unit B13 Borough Road, Buckingham Road Ind. Estate Brackley, Northamptonshire NN13 7BE
